Contributions
from the
Institute of Geology and Paleontology
Tohoku University

No. 73

Nobu Kitamura: Dedication to Professor Jun-ichi Iwai.	1
Hisao Nakagawa, Norichika Chuman, Takuji Ishida, Tsutomu Matsuyama, Osamu Nanasaki, Keiji Oide, Shoji Oike and Hajime Takahashi: Historical Development of the Towada Volcano—An Outline.	7
Sadako Takeuti: Palynological Studies on the Late Cenozoic Rocks Distributed in the Vicinity of Ichinoseki City, Iwate Prefecture, Northern Japan (Part 3).	19
Gonshiro Kurihara: Geology of the Alluvial Plains of the Southern Coastal Area of Setouchi.	31
Nobu Kitamura and Akio Onishi: On the Subsurface Geological Structure in the Eastern Foot-Hill Area of Mt. Iwate, Iwate Prefecture.	67
Katsuhiro Kimura: The Unconformity at the Beginning of the Daijima Stage in the Southern Part of Akita Prefecture, Northeast Honshu, Japan.	75
Shinobu Mitsui: On a few Problems Concerning the Geological Structures in the Joban Coal-Field.	87
Mikihiro Sugimoto: On the Kuzumaki Tectonic Line and the Tarō Tectonic Line, Northern Kitakami Massif, Northeast Honshu, Japan.	97
Hiroshi Fujita: Structure Control of Underground Water, Especially Contained in Tertiary Strata.	111
Toyokichi Shibata: The Landslide of the Takisaka Area, Nishi-Aizu-machi, Yama-gun, Fukushima Prefecture.	123
Kei Mori: On the Systematic Position of Mesozoic Stromatoporoidea.	133
Tadamichi Oba: $^{18}\text{O}/^{16}\text{O}$ Paleotemperatures.	139

Sendai, Japan
